

Revovane

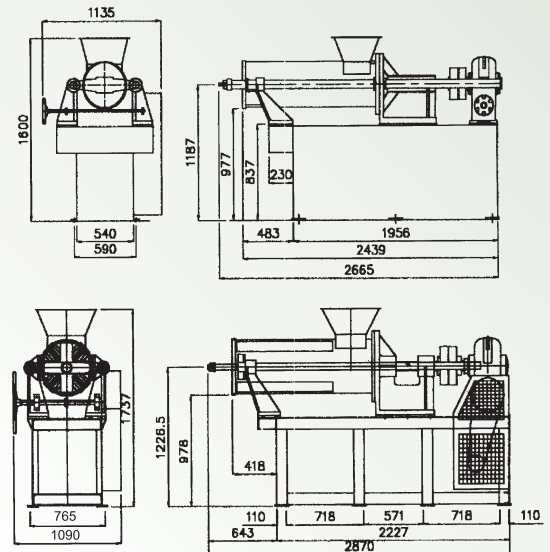

HORIZONTAL ROTARY STAINLESS STEEL
CONTINUOUS TEA ROLLING MACHINE

- Proven dependable & durable.
- A compact & self-cleaning machine.
- Long life due to Stainless Steel Component.
- Zero maintenance, only routine oiling.
- Available in 8", 15", 18" Iris/Cone.

Salient Features

- **Feed Hopper** - Superior S.S. made.
- **Rotor Shaft** - precision machined standard shaft made of alloy steel.
- **Iris Discharge** - Standard model with Iris plate attachment. Cone attachment also available on request.
- **Cylinder** - To withstand pressure and ensure longevity the cylinder is fabricated with S.S. plate.
- **Base Plate** - Heavy M.S. fabrication.
- **Worm resistors and vanes** - Made of S.S. with precision and shining finish.
- **Drive** - Heavy duty worm reducer.
- **Geared barrel withdrawal** - Gear mechanism operated by a hand wheel is provided for cleaning operation.
- **Motor** - Placed within the pedestal frame to save floor space.

18" ZENITH REVOVANE

Note : Due to continuous process of development the design is subject to change without notice.

Specifications

Model	8"	15"	18"
Power	10 H.P - 1440 RPM	20 H.P - 1440 RPM	30 H.P - 1440 RPM
Speed of the rotor shaft	35-37 rpm	35-37 rpm	35-37 rpm
Rotor Dia	2" (50.8mm)	2-7/8" (73mm)	3" (80mm)
Reducer Size	U-600 (6")	U-800 (8")	U-1000 (10")
No. of vanes	II-Iris type all forward unless otherwise specified	Same	Same
Floor Area	1m x 2.5m x 0.80m	1.68m x 2.98m x 0.90m	2m x 3.5m x 1.5m
Net Wt.	1400 Kgs.	1960 Kgs.	2500 Kgs.
